# TPF-NEWSLETTER

This Curriculum is designed to help us **Know, Live and Share** God’s story. We’ve divided the material into three sections with exercises throughout to help us along in your journey.

*“Know the story you profess to be participating in. Know it well and tell it with enthusiasm. Tell it like other stories that excite and compel you. . . . When you first learn to tell the story, get the shape right. Then fill in the details.” —Charles Peacock, *New Way to Be Normal*”*

In the first section, **Know God’s Story**, we will learn to see the beauty of God’s story as one complete narrative from Genesis to Revelation through the plot line of Creation, Fall, Rescue, and Restoration. God is the Author of this story that governs history and the whole world. Special emphasis is placed on understanding the facts of God’s story and crafting a winsome narrative for sharing it with others.

The next section, **Live God’s Story**, focuses on seeing ourselves as an active participant in God’s narrative. God, the main character, invites us to join Him as His story governs every area of our lives. Our Stories only make sense when we live out of God’s larger story.

In the final section, **Share God’s Story**, we will learn how to naturally speak of God’s story with others. Special emphasis is placed on inviting others into God’s larger Story.

# New Logos

With every great program there seems to be a great Logo. One that is easily identifiable with that particular company, group or program. Not only that but it's just cool to have one. :) For us we have two. One that identifies our youth room "TPF," which stands for two different things - The Room "Tarsus Practice Facility" and "Training, Practicing Faith." We view this room as a spiritual strength building gym of sorts. Our second logo will identify our Youth Group at Aberdeen First Baptist Church. It is a shield, fashioned after Ephesians 6:16, "In addition to all this, take up the shield of faith, with which you can extinguish all the flaming arrows of the evil one."

"A company's logo is its shorthand, a visual cue that tells a story of the brand's culture, behavior, and values," - Su Matthews Hale of [entrepreneur.com](http://entrepreneur.com)
